How would you best describe the condition of the current Student ministry?

We have a solid group of Junior High through High Schools students (about 60 students). We have a small college-age group of 5 to 10. We have about 20 adult leaders. The Student Ministries Worship team consists of students (though led by adults). Each age group has adult small group leaders. Interns work within the ministry during the summer months.

What is your church's philosophy regarding reaching people who are de-churched, unchurched, or anti-church?

As we look to the Bible, we find that God desires to have a personal and loving relationship with each of us. We also find that God wants us to extend love to those around us, so that is what we try to do. We are not perfect. We don't have it all figured out. Instead, we are on a journey to grow in our ability to love God and to love others. Everyone is welcome to join us on our journey. Also, because we want to reach the de-churched, unchurched and anti-church, we are mindful in our approach/philosophy when it comes to "words we use" and how we approach, plan and prepare services. We want to do everything possible throughout our services to help a person who is on a journey to God actually get to the place of receiving Jesus as Lord and Savior. As a result, we consider anything and everything that we think might cause distractions or cause confusion in their journey and try to minimize or eliminate those potential distractions.

How would you describe your church's governance?

We have a board of elders, in which the Senior Pastor serves as one of elders. We are "Staff led but Elder protected." Elders do not micromanage or get into the "weeds" of ministry. They empower through policies and through the Senior Pastor, who is empowered to lead the staff.

The staff reports to the Senior Pastor, not the elders. Staff members do not attend Elders meetings nor do they provide Elders with monthly reports. The Senior Pastor and staff are responsible for the day-to-day operations of the church while the Eldership provides coverage/protection/prayer for the church. We consider it to be a very healthy environment with no politics or games happening behind the scenes.

We do not have "deacons" (we have "Ministry Leaders"). There are no committees or board meetings!

Are you affiliated with a particular denomination or association of churches? If so, what websites could one investigate to gain further understanding?

We are part of the independent, non-denominational Christian Church (Restoration Movement). We were originally planted by Stadia (stadiachurchplanting.org). We have a strong relationship with Stadia, CDF (Church Development Fund) and William Jessup University (local Christian University that is part of the Restoration Movement).
